

BE THE HANDS & FEET OF CHRIST

JOIN THE CARE NET PENINSULA TEAM

Every day, women and men come through our doors looking for hope, support, and answers. While our staff provides care during their appointment, volunteers help extend the love of Christ long after they leave. If you feel called to use your gifts to serve families across the Peninsula, we'd love to hear from you.

Church Mentor - Women and Men

Many of the women and men we serve desire connection to a local church but don't know where to begin. Church Mentors help bridge that gap by offering encouragement, prayer, friendship, and a connection to a healthy Christian community during a pivotal season of life.

Client Photographer

Many of our clients have never had professional family photos taken. Volunteer photographers help celebrate life, build meaningful relationships, and preserve precious memories through maternity, newborn, family, and milestone photography.
